My dad is a curious person; he cares about others feelings.

My dad is very hard working , he gets home from work at 6 or 7 or sometimes much later , he showers then cooks food for him. My dad is also strict. He cares about who I hang out / talk with. He treats me like I am 5 !!! My dad is also very strict about my education and mental health . My dad is not perfect but he tries. My dad tries as hard as he can for the family .Anytime we go out he gives me money! My dad means the world to me because he's hard working ,Strict and he's not perfect but he tries.

My dad is a very hardworking man. My dad is hardworking because he gets home from work really exhausted and he still cooks and takes care of my nephew. Also another reason why he's hardworking is because he works on the weekdays and weekends .On the weekdays he gets out of work at 6:00pm or 7:00pm or sometimes much later or much earlier. Last reason why my dad is hardworking is because he works for me and my family. He gets out of work late so he can pay the bills , rent and insurance for my family. My dad tries to do the best for me and my family.

My dad is a strict person.

My dad has always been a strict person. What I mean by strict is that he cares a lot. Ever since I was much younger he'd always cared about my mental health, My education and people I talk to/hang out with. My dad has always cared about who I talk to/hang out with , he has always told me not to talk to people I don't know(strangers) and to be careful of surroundings. My dad treats me like I was 5!!! What I mean by this is that he has always treated me like a 5 year old. He makes sure everything is perfect for me, he makes sure if i'm not too hot or too cold ,he makes sure I eat something and dont starve . My dad has always wanted me to do well in school so I could have a good future . And he always always made sure I eat healthy, my dad has been curious and careful of what I eat , Last but not least he has wanted me to go outside and not just be on my phone or inside my room.

My dad is not the best but he tries . My dad is not the best but he tries , in my eyes my dad is the best dad anyone can ask for . My dad tries as hard as he can for me and my family . He works on weekends and weekdays. Sometimes he gets home late to get extra money for bills,insurance, rent and food and extra things like clothes,shoes and money if I need some. Whenever my dad has money he gives me some. If we go somewhere he asks if I need money. I try to be kind and say no but he tells me to take it so I can buy myself something! My dad works ALL WEEK Just for my family and me.

My Dad means the world to me because he's very hardworking ,he works for the family, he gets home from work ,takes care of my nephew and he cooks for him. He's strict ,he cares about the things I do And he's not perfect but he tries to pay for everything like bills,rent,insurance and food. My dad means the world to me because he's hardworking , strict and he's not perfect but he tries. I am proud of my dad and all the progress he has done for me and the family.
